The NDLS will only accept one method of payment for each application. The NDLS will only accept one payment for one application – a single payment for multiple applications will not be accepted.

The NDLS will process debit and credit card payments in accordance with the Payment Card Industry (PCI) rules. If you wish to use a third party debit or credit card for payment, then the third party must be present in person to make the payment.

Residency entitlement

To make an application for a driving licence or learner permit, you must be able to show that you are a national of the European Union, European Economic Area or Switzerland or have leave to remain in Ireland.

You may present your Irish driving licence or learner permit where your place of birth recorded on it is within the EU, EEA or Switzerland or a Public Services Card where your place of birth or nationality are recorded as within the EU, EEA or Switzerland.

Please see list 4 on page 4 of the application guidance notes for the full list of documents which can be accepted as evidence of residency entitlement.

Period of Licence

You can apply for a licence up to three months before the expiry date of the licence. If your licence has expired for ten years or more you must start the application process afresh and take a driver theory test, mandatory driving lessons and a driving test. A driving licence for group 1 vehicles (land tractors, cars and motorcycles) normally lasts for a period of 10 years. There are some exceptions to this rule – if you have a medical condition, a licence for three years or for a shorter period may be specified by your doctor. If you are over age 60 your licence will be granted up to age 70, if you are aged over 67 but less than 70 years of age a three year licence will be granted.

A driving licence for group 2 vehicles (trucks, buses and articulated vehicles) normally lasts for five years.

From 1 June 2015 the unexpired period of the previous driving licence or learner permit will not be added to the validity period of the new driving licence or learner permit.

Exchanging a licence

You can exchange a driving licence from another EU country, from the following EEA countries: Iceland, Liechtenstein and Norway and from the following recognised states: Australia, Japan, New Zealand, South Africa, South Korea, Switzerland, Taiwan and the Canadian Provinces of Manitoba, Ontario, British Columbia and Newfoundland and Labrador. Please refer to www.ndls.ie for any updates to the list of recognised countries.

You must surrender the exchange licence with your application for an Irish licence. If exchanging a Northern Ireland licence it must be accompanied by the counterpart. If the counterpart of the licence is not available, the lost licence declaration on page 2 must be completed and signed by a member of An Garda Síochána. Where you are exchanging an EU/EEA licence the licence can be expired for up to ten years. While a licence from a recognised state can be expired for no more than one year to be eligible for exchange.

Please note: A licence cannot be exchanged if it is suspended due to outstanding fines.

If exchanging an expired or lost licence an original Letter of Entitlement from the licensing authority will be required.

You must also provide details if the licence you want to exchange was issued following an earlier exchange. Where a driving licence has been issued on foot of an exchange from a country that Ireland does not have an exchange driving licence policy with then Ireland cannot exchange the driving licence.

If you are exchanging a licence which includes group 2 vehicles (e.g. trucks and buses), or if you suffer from a condition set out in part 5 of the application form that requires a driving licence medical then you must include a medical report with your application. Where the licence being exchanged is from a country outside

the EU/EEA you must include a driving licence eyesight report with your application.

Applicants will have to prove identity under the four criteria set out below in the identity validation section.

Original Letters of Entitlement may be required to accompany exchange applications from certain recognised states. A Letter of Entitlement will be required in certain situations eg: lost/stolen/damaged licences, expired licence, no start dates on the licence. Please refer to www.ndls.ie for further information.

Please Note: a certified translation of all Letters of Entitlements not in English or Irish must be provided. Refer to www.ndls.ie for more details. In some cases, applications to exchange a licence may take 2/3 months to process as we need to contact the original licensing authority.

Driver Fitness and Medical Report Requirements

Drivers must meet a certain standard of medical fitness in order to drive safely. If your doctor advises you to stop driving it is then an offence to continue driving and it also affects your insurance cover.

A higher standard of medical fitness is needed for drivers of trucks or buses.

For more information on medical standards see ‘*Sláinte agus Tiomáint*’ document on www.ndls.ie.

- Where questions under Health and Fitness in part 5 (excluding 43(a) or 43(b)) of the application form are answered ‘Yes’ a driving licence medical report form will be needed.

Please ensure that the medical report is fully completed and presented at the NDLS centre within **three months** of completion by your doctor.

- On the basis of the information on your application form the licensing authority can ask you to submit a medical report from your doctor. Your doctor must be registered on the General Register of Medical Practitioners in Ireland.

A driving licence eyesight report is not required where a medical report is provided unless indicated by the doctor. Driving licence medical report and eyesight report forms can be downloaded from www.ndls.ie or are available in your nearest NDLS centre.

The assistance of your doctor may be required to complete some of the questions in Part 5. The purpose of the questions is to ensure that you are aware of factors that affect your driving. In some cases having a particular condition may mean that you will be granted a licence for a shorter time period (e.g. for a one or three year period).

An eyesight report form is needed where you previously wore glasses/lenses for driving and are no longer required to do so. It is also needed in certain cases when exchanging a licence from another country outside of the EU.

Identity Validation:

All customers of the National Driver Licence Service will be required to present in person to an NDLS centre where their photo and signature will be captured and their identity verified. All existing Irish licence/permit holders will present with their driving licence/learner permit and evidence of their PPS number.

All customers will be required to supply documents to verify their identity. The identity verification process require the customer satisfy four requirements; 1. Photo ID, 2. Evidence of address, 3. Evidence of PPS number and 4. Evidence of residency entitlement. Please note a Public Service Card in many circumstances will satisfy all four requirements.

Identity documents may be retained by the National Driver Licence Service to enable the processing of the application. Should the verification officer in the NDLS centre retain any documents a receipt will be issued and the documents returned when the application is processed. The documents which are accepted are outlined on list 1-4. One item may serve to satisfy the requirements of 2 lists for example, a correspondence from Revenue can act as proof of address and proof of PPS number (if dated within 6 months).

Initial Basic Training (IBT) for Motorcyclists

Initial Basic Training (IBT) is a mandatory training course that teaches basic riding skills to learner motorcyclists. When taking a progressive route to obtain a driving licence in a larger bike then an IBT cert is required with your application. For more detailed information in relation to IBT please refer to www.rsa.ie.

Certificate of Professional Competency (CPC) – trucks and buses

The minimum age for taking out a learner permit in categories, C, CE, D & DE depends on whether you take the CPC test for that licence category (A table of categories including a description, minimum age and other conditions for holding a licence can be found on www.ndls.ie). If you are taking CPC you will have to take a CPC theory test and when taking your driving test there will be a special CPC stage to the test. For more detailed information in relation to CPC please refer to www.rsa.ie

Presenting a Public Services Card (PSC) at the NDLS centre will simplify your application process as the PSC will satisfy the following requirements:

- Evidence of PPS number,
- Evidence of address (where your address is as provided to the Department of Employment Affairs and Social Protection DEASP),
